The Statute, Rules and Regulations on Constitution, Powers and Functions of the Authorities of MCKV Institute of Engineering (An Autonomous Institution)

CHAPTER-V: Duration of Curriculum, Eligibility for Admission & Examination

5.1 Duration of Curriculum

B.Tech. programmes shall be of 4 years duration, MBA and M.Tech. shall be of 2 year duration. Each year shall be divided into two semester-Odd Semester (July to December) and Even Semester (January to June). The odd semester shall ordinarily begin in July for students already on rolls and the even semester shall ordinarily begin in January. However, the first semester may begin a little later depending on completion of admission formalities. The number of teaching weeks in each semester shall be between twelve to fifteen.

5.1.1 MOOCs for B.Tech (Honours) Degree:

The Institute offers Bachelor of Technology programmes with 160 credits in the entire programme of 4 years, with a provision of Bachelor of Technology with Honours degree through earning of additional 20 credits through massive open online courses (MOOCs) as per AICTE. The objective is to create an opportunity for students to acquire the necessary skill set for employability through MOOCs where the expertise of world famous academicians and industry personnel and to facilitate the students to choose additionally the specialized courses of their choice and build their competence in a specialized area. So students will have to complete additional 20 credits through MOOCs from the prescribed basket of courses within 4 years of time. The basket for MOOCs will be a dynamic one, as courses keep on updating with time.

The total of 20 credits that is required to be attained for B.Tech. Honours degree is distributed over four years in the following way:

Year	Credits Required	Year	Credits Required
First Year:	8	Third Year:	4
Second Year:	4	Fourth Year:	4

A student of first year has to cover courses from at least three skills: (i) Computer Programming, (ii) Soft skill and (iii) Ethics

Lateral entry students of B.Tech. Programmes need to acquire 16 credits from prescribed basket of MOOCs over three years to obtain B.Tech. honours degree.

Year	Credits Required	Year	Credits Required
Second Year:	4-8	Fourth Year:	4
Third Year:	4-8		

If a student is unable to fulfill the requirements of credits assigned in a particular year, he/ she can earn the credits through MOOCs in either of the subsequent years, but he/ she has to opt courses from the basket of MOOCs prescribed by the Institute from time to time.

The concept is that, students of B.Tech. programmes are to be equipped with Programming skill in the computer language, soft skills and ethics in the first year itself (8 credits) so that they can apply these skill in the subsequent semesters in their different areas including their core area of study, Institutional environment, society, and in their working life.

Remaining of the MOOCs courses are to be selected from the specified MOOCs basket prescribed by the Institute to complete 12 Credits (16 Credits for Lateral Entrants). The baskets are designed to facilitate the students to choose additionally the specialized courses of their choice and build their competence in a specialized area.

5.1.2 Mandatory Additional Requirement for earning B.Tech. Degree

Mandatory Additional Requirement (MAR) is an integral part of the B.Tech. undergraduate (UG) course curriculum of the Institute. The Institute is aimed at providing opportunities to the students to inculcate attributes, which are not restricted only to engineering knowledge and acumen. Keeping in mind the global need of the industry and the society Industry, professionals should work successfully in teams, with leadership qualities, aware of social and community needs, have capability to bring innovation and creativity to their work and who are also digitally proficient. In order to prepare students for their all round development to cater these multiple requirements, the Institute has made it mandatory to earn 100 Activity Points over and above the academic grades through activities under Mandatory Additional Requirement (MAR). MAR activities include Social Developmental Activities, Environmental Protection (like tree plantation), MOOCs, Entrepreneurial Activities and other co-curricular and extracurricular activities. These MAR points should be earned through active participation in these activities spanning through all the semesters of study, as per convenience of the student. Students should choose activities from the list provided by the Institute in order to achieve the MAR points required to be eligible for award of the Degree.

Similarly, for lateral entry students admitted to the B.Tech. program, it is mandatory to earn 75 Activity Points, in addition to the academic grades, for getting B.Tech. degree.

5.2 Eligibility for Admission

5.2.1. Admissions to different programmes, B.Tech., MBA and M.Tech. shall be based on guidelines of the AICTE/ UGC/ Govt. of West Bengal and MAKAUT, WB to be issued from time to time. Enrollment in Ph.D. programme under the supervision of faculty member of the institute will be as per AICTE/ UGC/ MAKAUT, WB guidelines.

5.2.2. Change of Branch:

A student may be allowed a change of branch in B.Tech. after completion of course requirements for the first and second semesters of the first year programme. The selection shall be on the basis of merit assessed through the combined results of the first and second semester examinations declared in the form of YGPA at the end of the first year. This is an incentive to meritorious students securing a YGPA of 8.5 or more. The change of branch shall be accorded to only such students who have cleared all examination items of both semesters in first attempt, in examinations held during academic session of his/ her first admission to the programme.

5.2.2.1 Provisional Guidelines for Chronological action and allotment of changed branch to eligible students

- Within three days of the declaration of the 2nd semester results, the Institution shall put up a notice, inviting application for change of branch from students, who have been elevated to the 3rd semester, stating clearly the eligibility criteria for such a request, and allotting 3 days' time for submission of the application.
- Students shall collect the application format from the Principal's office and submit the completed application along with enclosures specified therein to the office of the Principal.
- A committee consisting of the HODs, with the Principal in chair, shall examine the applications with regard to fulfillment of eligibility criteria and shall consider the applications strictly on the basis of students' academic merit as evidenced by the YGPA of the first year of the students.

- (iv) In case of 'bunching' of YGPA, grade obtained in 2nd Semester Mathematics, and in case of a tie in Mathematics as well, grade obtained 2nd Semester Physics shall decide the relative merit positions.
- (v) Number of vacancies in a branch shall be decided on the basis that the final effect of change in the gainer branch shall not exceed the total number of students in the said branch by more than 10% of the sanctioned intake for the branch.
- (vi) Number of students of a branch allowed to change their branches, shall be regulated such that the final effect of change in the 'loser' branch shall not fall below 10% of the existing strength of students prior to the change of branch.
- (vii) Consolidated list of students permitted change of branch facilities with detail of the change, shall be finalized within 7 days of the last date for submission of application and duly notified.
- (viii) Students shall be accorded a maximum of three days time for accepting the offer, failing which the change of branch shall be offered to eligible students in waiting, including updating of allotment, if required.
- (ix) Students accepting change of branch shall have to get re-registered with newly allotted registration and roll numbers.

5.3 Provisions for Lateral Entry in 2nd year of B.Tech. programme

Diploma holders in Engineering & Technology (E&T) programmes shall be eligible for admission to 2nd year B.Tech. Programme up to a maximum of 10% of sanctioned intake, and this will be over and above the approved intake, i.e., as supernumerary seats. Their admission shall be governed by guidelines of the Govt. of West Bengal and MAKAUT, WB to be issued from time to time.

5.4 Examination Rules and Regulations

5.4.1. The Regulation relating to Constitution, Powers and Functions of the Board of Examinations.

5.4.2 There shall be one Board of Examinations (BOE) for all the UG and PG programmes of the Institution. BOE will be responsible to the Academic Council.

5.4.2.1 BOE shall consist of the following members:

- (i) Principal Chairman
- (ii) Dean (Academic)..... Member
- (iii) Dean (Research & Consultancy)..... Member
- (iv) Registrar Member
- (v) 2(two) HODs to be nominated by the Chairman, Academic Council for a 2-year term on rotation..... Members

- (v) A student who is promoted to the next higher year with backlogs as stipulated under 5.2.4.2 in the previous year shall be permitted to appear as an ex-student/ casual student as per provisions.

5.4.2.2. Rules for Examinations

Each discipline of the B.Tech./ MBA/ M.Tech. programme consists of the following three components:

- (a) Theory courses including mandatory courses
- (b) Practical courses
- (c) Sessionals

The schedule of these components along with their credit points for each semester is as per the curriculum and syllabus in force.

At the end of each semester, there will be an examination (here-in-after called end-semester examination) conducted by the Institution as per programme announced by the Controller of Examinations.

Back paper examinations, if any, shall be held with the normal end semester examinations.

After publication of even semester result, students of final/ terminal semester may apply for special supplementary examination for any two subjects within one month. Institute will arrange separate examination for them.

5.4.2.3. Evaluation of courses

The evaluation of courses will be done as per the following guidelines:

Theory courses including Mandatory Courses

Each item under this classification is evaluated on the basis of 100 percentage points, sub-divided into the following four categories:

- a) **End-semester Examination: 70 points**

Operational Guidelines:

- (i) There will be an End Term Examination at the end of each semester for three hours of duration for each course and it is mandatory for a student to appear in End Term Examination. The schedule of the examinations will be announced by COE.
- (ii) The structure of the question paper is as per the guide lines of the AC.
- (iii) The COE is responsible for the collection of the question paper and its secrecy, evaluation of answer sheets and tabulation, award of grades to the students.
- (iv) The paper setter/ Moderator/ Examiner/ Re-assessor/ Scrutineer shall be appointed by the AC after due recommendations obtained from BOS of the Departments. Honorarium for different activities will be decided by the competent authority of the institute from time to time.
- (v) For end semester examination, at least three papers will be set by internal and/ or external paper setter. From these three papers moderator will prepare the two sets of question papers and submit to the COE in sealed cover.
- (vi) The final question paper shall be prepared from amongst the three above sets by the moderator in presence of COE. The moderator will also have the right to change/ modify/ add questions; he/ she should ensure that questions have been set from different modules of the syllabus, and have proper grading for students of high merits as well as students of average merit.
- (vii) The paper setters shall have at least three years of teaching experience and at least one-year experience of teaching the course for which appointment is to be made. However, if experts are not available as per the norms mentioned above the experienced faculties may be appointed as a special case with due approval from chairman of AC.
- (viii) No person can claim appointment as paper setter/ Moderator/ Examiner/ Re-assessor/ Scrutineer or any other appointment related to examination work as a matter of right.
- (ix) Appointments of person as paper setter/ Moderator/ Examiner/ Re-assessor/ Scrutineer will be made as per the following guidelines:
 - a. Appointment of paper setter shall be made two months before the End Semester Examination.
 - b. Appointment of Examiner/ Re assessor, Scrutineer shall be made fifteen days before the End Semester Examination.
- (x) In case paper setter/ Moderator/ Examiner/ Re-assessor/ Scrutineer is from outside, he/ she shall communicate his/ her acceptance immediately, however if it is not possible to accept the appointment due to his/ her preoccupation, he/ she shall communicate the same to concern authority well in advance at least a week before the date of appointment. In case, no communication is received from Paper setter/ Examiner/ Re-assessor/ Scrutineer within prescribed time limit, it will be presumed that the appointment is accepted.
- (xi) The paper setter/ Moderator/ Examiner/ Re-assessor/ Scrutineer shall follow all the directions given by the AC from time to time in respect of pattern of question papers, setting of question papers model answers scheme of marking etc.

- (xii) The entire evaluation work shall be completed within a reasonable time after the completion of the examination as decided by the Institute.
- (xiii) The student shall not have any access to his/ her evaluated answer paper/s in end semester examination.

b) Continuous Assessment: 15 points

Operational Guidelines:

- (i) Four assessments shall ordinarily be conducted, as far as possible, at near-identical intervals, out of which two alternate assessments shall be conducted by the course teacher and rest two shall be conducted centrally by the office of the COE. These assessments can be conducted through offline/ online mode. The average of best two performances shall only be considered for final reckoning.
- (ii) The COE shall ordinarily set the assessment schedule and announce dates as per Institute calendar.
- (iii) The evaluation of these assessments shall be done within seven days of actual conduct of the same and the solutions discussed in the class. The final award list for each test shall be put on the notice board within the next two days.
- (iv) The process shall be repeated for each assessment.

c) Quizzes and Assignments: 10 points

Operational Guidelines:

The course teachers will conduct 2 to 3 unannounced quizzes during the lecture/ tutorial class and suitable numbers of home assignments are to be cleared by the student within stipulated time. The course teacher is solely responsible for final award under this category. Teachers can employ different active learning methodologies for this purpose.

d) Attendance, Regularity and Participation in the Class: 5 points

Operational Guidelines:

The award under this category is the sole prerogative of the course teacher. Whereas attendance/ regularity in a class is factual, assessment about participation is subjective.

The idea is to encourage teacher/ student interaction in conduct of courses and discourage one-way communication.

The course teacher, in consultation with respective HOD, shall finalize the award of a student [out of 30, comprising b), c) and d)] and communicate the award list to the COE's office under sealed cover/ ERP package.

Practical Courses

Every paper in this category shall be evaluated out of 100 percentage points, divided under two broad categories as detailed below:

a. End semester examination: 60 percentage points

Operational Guidelines:

- (i) There shall be an End Semester Examination in each laboratory item. The evaluation may be done based on:
 - Organization of the experiment
 - Actual data generated and the actual conduct of the experiment assigned.
 - Data analysis/ Synthesis and Conclusions etc.
 - A comprehensive Viva-Voce seeking general awareness of the lab subject. The relative emphasis shall be left to the HOD and the course teacher.
- (ii) The award shall be finalized immediately by the course teacher and submitted in sealed cover to the COE's office. All materials used by students during examination, is to be preserved for spot checking by HOD / COE, if desired.

b. Internal Assessments: 40 percentages points. Operational Guidelines

- (i) The course teacher shall be the sole authority for finalizing award under this item.
- (ii) He shall divide the points under the following guidelines:

Attendance and regularity	05 points
Preparedness for conduct of experiment	10 points
Initiative to learn and interact	10 points
Presentation of lab report, its regularity in submission and content	15 points

- (iii) The course teachers shall finalize the award (out of 40 points) before the end semester examination and communicate the same under sealed cover/ ERP package to the COE's office.

Sessionals (out of 100 percentage points)

Explanation & Operational Guidelines:

Sessionals are those where, either the formal institutional contact hours are not specified, (viz., Practical, Training, Extra/Co-curricular participation), or there are no formal End Semester examination of the written kind, (viz., Project, Comprehensive Viva-Voce, Seminar, Industrial Training, etc.). For all items under these categories, the evaluation will be done internally through a Departmental Committee, appointed by the Departmental Head and duly endorsed by the Principal.

The norms for assessment may vary from item to item. A broad guideline is suggested below:

- (i) For items which are conducted outside the institution viz., Industrial training, Co-curricular/ Extra-curricular participation etc., assessment may be made on the basis of Supervisor's assessment, report submitted by the student, if any, participation & attendance, and Viva-Voce conducted by a Departmental Committee, constituted by the Departmental Head and duly ratified by the Principal.
- (ii) Items conducted in the Department/ Institution viz., Seminar, Comprehensive Viva-Voce are evaluated by the Departmental Academic Committee(s) constituted by the Department(s) and ratified by the Principal, based on participation and attendance in this course, comprehension of seminars by fellow students, presentation and content of seminar presented, capability to address to questions by participants.

The award list for this paper is finalized by all the members of the Departmental Academic Committee before the starting of the end-semester theory/practical examinations, and shall be communicated to the COE's office under sealed cover.

5.4.2.4. Declaration of result, promotions and grading system

In order to pass the B.Tech./ MBA/ M.Tech. programme, a candidate must obtain at least D grade in each of the theory, practical and sessional papers and a DGPA of 6.0.

5.4.2.4.1 The promotional status between two consecutive levels/ years shall be indicated on the even semester grade sheet as per details below:

- (i) Passed and promoted (denoted by P) and indicating that
 - a. The candidate has cleared every course items of both odd and even semester of the academic year.
 - b. He/ she has no backlogs from the lower levels.
- (ii) Eligible for promotion for backlogs (denoted by XP) indicating that
 - a. The candidate is eligible for promotion with limited backlogs of course items of the just completed lower level, subject to his/ her applying for the same to the Principal of the Institution.
 - b. He/ she is not carrying any backlog from other lower level.
- (iii) Ineligible for promotion (denoted by X), indicating that
 - a. the candidate is NOT eligible for promotion to the next higher level due to non-fulfillment of stipulations governing eligibility for promotion to next level/ year.

5.4.2.2 A candidate shall be eligible for promotion to the next higher level if he/ she:

- (i) has less than 4 backlog course items (counting ALL ITEMS for the two semesters of the level as units with each SGPA as an item) but has maintained YGPA of 4.5 or above.
- (ii) has fulfilled all the requirements including payment of the tuition fee of that particular level at the beginning of each semester and subsequent enrollment through the office of the Registrar.
- (iii) has been a bona fide Regular student/ Ex-student at the present level and is duly registered as such in the Institution under permission of the Principal.
- (iv) has not been involved in breach of discipline or has not been time barred due to non-completion of the course within the time limit fixed for the purpose.
- (v) has not been temporarily suspended/ suspended for a specified period by the University/ Institution and has not been denied the privileges of a Regular student/ Ex-student at the time when admissions to higher levels in progress.

5.4.2.3 Candidates declared as eligible for promotion to the next level without clearing all course items of earlier semesters individually shall have to apply for permission for admission to the higher level before enrollment.

5.4.2.4 A list of all successful candidates of each of the semester examinations shall be published within a reasonable time (one month) from the date of the last examination.

5.5 Declaration of Result, Promotion and Grading System

5.5.1 Award of Grade

For every course in a semester, student shall be assigned a grade based on his/ her combined performance in all components of evaluation scheme of a course as per the structure. The grade indicates an assessment of the student's performance and shall be associated with equivalent number called a grade point.

A seven point grading system on a basis of 10 shall be followed. Categorization of these grades and their correlation shall be as under:

Grade	Score on 100 Percentage points	Point	Qualification
'O'	100 to 90	10	Outstanding
'E'	89 to 80	9	Excellent
'A'	79 to 70	8	Very Good
'B'	69 to 60	7	Good
'C'	59 to 50	6	Fair
'D'	49 to 40	5	Below average
'F'	Below 40	2	Failed

- (ii) The Institute may extend the date of submission of application, if any.
- (iii) Incomplete and erroneous applications shall be rejected and no further correspondence in respect of such applications shall be entertained.
- (iv) A student applying for scrutiny/ re-evaluation shall expressly state on the application form, whether the application made is for scrutiny or for re-evaluation. Only one option shall be permitted
- (v) Candidate shall enclose a bank draft for the requisite amount of application fees, payable to the "MCKV Institute of Engineering" at any nationalized bank in Kolkata, and make appropriate entry on the application form. An application not accompanied by the application fee or accompanied by inadequate application fee shall be rejected and no further correspondence shall be entertained.
- (vi) All applications for scrutiny/ re-evaluation must be routed through the COE's office of the Institute.

5.6.2 Rules for Scrutiny/ Re-evaluation

- (i) It shall be obligatory on the part of a candidate applying for post-publication scrutiny/ re-evaluation to accept the alternation in marks/ grade, if any, after scrutiny/ re-evaluation.
- (ii) He/ she shall enclose the original grade sheet issued to him/ her, along with the application
- (iii) Scrutiny shall confine itself to re-totalling of credits, checking for missed out corrections of questions and correctness of transcription of award and its final conversion into letter grades and consequent evaluation of SGPA/ YGPA/ DGPA, as the case may be
- (iv) "Re-evaluation" shall entail re-examination of the answer script(s), for which re-evaluation is applied for, by an acknowledged external subject expert
- (v) Neither the candidate nor any one on his/ her behalf shall be entitled to be present during scrutiny/ re-evaluation, nor shall he/ she or his/ her representative will have any right to inspect the answer script(s) after publication of scrutiny/ re-evaluation results
- (vi) After the result of post-publication scrutiny/ re-evaluation is declared, a fresh grade sheet shall be issued to the candidate incorporating changes. In such a case the original grade sheet submitted by the student along with the application shall be cancelled by the Institute and use of copies of the same in future shall amount to concealment of facts, punishable by law. The new grades shall replace the grades declared earlier, whether the grade(s) and/ or result indicate improvement or otherwise. - (vii) Post publication scrutiny/ re-evaluation shall be allowed for the theory course-items only, and shall not be possible for practical and sessional items.
 - (viii) The result of scrutiny/ re-evaluation shall be intimated to the candidate(s) by the Institute.
 - (ix) Application for scrutiny/ re-evaluation shall not ensure that the result for such scrutiny/ re-evaluation shall be declared before the date fixed for submitting application for next examination. Failed candidates shall, in their own interest, submit applications for enrolment for appearing in the next examination of concerned items when the same is held, within the dates specified
 - (x) If the result of scrutiny/ re-evaluation is not available at the time when a failed candidate (who applied for scrutiny/ re-evaluation) appears in the examinations of his/ her arrear items subsequently he/ she shall have the option to choose between the result of scrutiny/ re-evaluation and the result of the exam as his/ her final grade in arrear items. In such an event, if the candidate chooses to opt for the result of the subsequent examination in respect of the arrear item(s), his/ her original grade sheet, kept with the Institute shall be returned.
 - (xi) A script which has been scrutinized once or revaluated once shall not be scrutinized/ revaluated again.
 - (xii) The interpretation of the Principal in respect of the rules, including any issues not specifically mentioned shall be final.

5.7 Scope for Grade Improvement

A candidate may apply to re-appear in a regular examination of an already passed paper to improve the grade by depositing the requisite fees. Maximum number of such attempts will be two (2) in the entire degree program. The internal assessment marks of the paper(s) will however be carried forward. If the grade obtained in the repeat examination is lower than his/ her original grade, the original grade shall prevail.

5.8 Eligibility of a member of faculty to be involved in the evaluation process

Any member of faculty having his/ her ward/ near relation in his/ her subject(s) must declare in writing to the respective HOD at the beginning of the semester indicating conflict of interest. Such a member of faculty shall not be allowed to get involved in the evaluation process for that particular subject.

5.9 Guiding rules for conduct of Examinations

5.9.1 The Institute shall frame an 'examination committee' under the leadership of the Controller of Examinations for smooth conducting of the examination. The successful conduct of examination depends greatly on the integrity, alertness and sincerity of the entire exam officials.

5.9.2 The Examination Programme should be displayed in a conspicuous place at the examination centre before the commencement of the examination and it should remain there till completion of the examinations.

5.10 Duties of the Invigilator

- (i) It shall be the duty of the invigilators to guard against all kinds of malpractice or misconduct on the part of any candidate at a Centre.
- (ii) He/ she should report at the COE office at least half-an-hour before the time fixed for commencement of the examination to collect Answer-book and Question papers.

5.11 Responsibilities of the Invigilators

- (i) To distribute amongst the examinees the Answer-book and Question papers.
- (ii) To make announcements asking the examinees to
 - a. Leave hall (if coming without Admit Card and Registration Certificate).
 - b. Leave books, notes, copying material, wireless communication set, Mobile phone and/or paper at specified place outside the Examination Hall.
 - c. Sign on the attendance sheet for students.
 - d. Announce that students should write Roll No. on the question paper and nothing else.
 - e. Use only non-programmable calculator.
 - f. Write Subject, Paper, Roll Number, Registration Number, Semester, & Year in the allotted spaces in the answer script. Do not write anything in any boxes in the answer script.
- (iii) To take attendance of examinees and sign on the answer books at the appropriate place within one third time of total examination duration.
- (iv) To collect answer scripts from the examinees as soon as the examination is over and to hand over the same to the COE office in sequential order of roll after duly counting and tallying these with students' attendance sheet.
- (v) To ensure that the examinees occupy their allotted seats in the room.

- (vi) To check the Admit Card and Registration Certificate.
- (vii) A candidate who fails to produce the Registration Certificate and/ or Admit Card may be provisionally permitted to sit for the examination for the day provided he/ she submits an undertaking in writing to produce the same on the very next day, failing which he/ she shall be debarred from appearing in the following examinations. Such cases should be reported to the Controller of Examinations. However, in case any of the above is lost, the matter should be reported to Police and a copy of GD has to be submitted to the COE/ Dy. COE, besides carrying the same for appearing at the remaining examinations.
- (viii) To prepare the absentee statement in respect of the room under his/ her charge and submit the same within one third time of total examination duration.
- (ix) To issue supplementary/continuation sheets to an examinee, only after verifying that the answer scripts has been fully utilized after entering the number of sheets issued on the cover sheet of the script with his/ her initials, at the appropriate space provided for the purpose.
- (x) To return surplus copies of loose sheets to the COE office immediately after examination.
- (xi) Not to allow any examinee to sit for the examination who reports after the expiry of half an hour from the commencement of the examination.
- (xii) No examinee shall in any case be allowed to leave the examination hall before expiry of one third time of total examination duration.
- (xiii) Candidates suffering from any form of contagious or infectious diseases, or from any illness or diseases considered to be prejudicial to the general body of students under examination, will not be admitted into or allowed to remain in the Examination Hall.

Special arrangements may, however, be made for candidates who are suffering from certain categories of diseases, if application is made to the Controller of Examinations well in advance. Such a candidate shall have to bring necessary materials such as bed, pillow etc.
- (xiv) The invigilator shall initial, each answer script, at the assigned box as evidence of verification of candidate of the student. He shall also indicate (at the assigned space) the number of supplementary sheets used by the examinee in each case.
- (xv) Attendance and Signature Rolls

The registration number, roll number, and signature of the all students appearing in the examination shall be recorded in the daily attendance sheet, supplied by the Institute. This statement duly countersigned by the invigilator should be forwarded to the COE office as soon as examination is over. Sufficient care should be taken in preparing this statement so as to avoid incomplete results.

Guidelines of Massive Open Online Courses (MOOCs) scheme **(Applicable from the session 2022-23)**

As per the All India Council for Technical Education (AICTE), the Model Curriculum for the Bachelor of Technology program is with 160 credits in the entire program of 4 years, and additional 20 credits will be required to be achieved through Massive Open Online Courses (MOOCs) from the different platform for the degree of Bachelor of Technology with Honours. These additional 20 credits will have to be acquired with online courses (MOOCs) as per AICTE. Students of the B. Tech. program will have to complete additional 20 credits through MOOCs within 4 years of time. 16 credit points are applicable for 3-year UG programs. This creates an excellent opportunity for students to acquire the necessary additional skillset for employability through massive open online courses where the rare expertise of world-famous experts from academics and industry are available. MCKV Institute of Engineering, WB, has thus decided to introduce the AICTE model curriculum for its B.Tech. programs and allow students to choose courses from any established online platform as per the following guidelines from the even semester of academic year 2022-2023.

GUIDELINES FOR MOOCs

MOOCs are such online courses that are developed as per the pedagogy and following the four quadrants (e-Tutorial, e-Content, Web Resources and Self-Assessment) approach. MOOCs have been introduced in MCKVIE curriculum and academic activities in the following ways:

1. MOOCs for Honours Degree at Undergraduate Level.
2. MOOCs are also used for credit transfer as equivalent to theory courses of Curriculum under the recommendation of BoS and approval of Academic Council.
3. MOOCs for Mandatory Additional Requirements (MAR)

MOOCs For B. Tech Honours Degree

For B.Tech. Honours Degree, a 4-year B.Tech. student will have to earn 20 credits from MOOCs from any established MOOCs platform in addition to 160 credits for B.Tech. degree. B.Tech. lateral entry students should earn 16 credit points from MOOCs in addition to the required credit for B.Tech. degree.

Student should submit all the certificates before the last date of submission of MOOCs for the B.Tech. Honours degree, declare as per the Controller of the Examination.

All of the MOOCs courses are to be taken from any MOOCs platform as per the following scheme of credit points. However, during choosing courses in the online platform students would essentially avoid the courses taught/offered through the curriculum in the offline /classroom mode.

For NPTEL/Swayam platform: Credit points as specified in the platform

For other MOOCs platforms: edX and Udemy

Courses of 4 weeks: 1 credit point

Courses of 8 weeks: 2 credit point

Courses of 12 weeks: 3 credit point

Courses of 16 weeks: 4 credit point

MOOCs for Mandatory Additional Requirements (MAR)

MOOCs in MAR is provided for encouraging every student to enter in Digital Content form of Education from well-known Universities or organizations.

Students can choose any MOOCs course as per their interest area. There is no credit system for MOOCs in MAR as points could be earned as specified in the scheme and the MOOCs courses which are taken for earning credits for Honours degree will not be considered in MAR purpose.

For any discrepancy a committee comprises of Principal, Dean of Academics & Administration, Dean of Research & Consultancy, Dean of Student Affairs, Controller of Examination and MOOCs Coordinator of MCKVIE, will take the final decision.

GUIDELINES FOR MANDATORY ADDITIONAL REQUIREMENT (MAR)

Addressing the needs of the industry and the society: Globally, engineering education systems have continuously evolved, in order to address the needs of the industry and the society. It is becoming imperative that every University should create opportunities for the students to inculcate attributes, which are not restricted only to engineering knowledge and acumen. Industry needs professionals who can work successfully in teams, who have leadership qualities, who are alive to social and community needs and who can bring innovation and creativity to their work and who are also digitally proficient. Hence, in order to prepare its students to match these multiple requirements, MCKV Institute of Engineering has created a mechanism of awarding 100 Activity Points over and above the academic grades. It is planned that the students at MCKV Institute of Engineering will be able to reap benefits from these activities at their own pace and comfort. It is expected that by the time MAKAUT, WB's students reach their Final Year, they would have developed themselves so well both through their studies in the respective technological field and through their active participation in the co-curricular and extra-curricular activities as also through MOOC based learning activities that they would be well-prepared for contributing to building the India and the world of their dreams.

Every student admitted to the 4 years B.Tech. programme is required to earn a minimum of 100 Activity Points under Mandatory Additional Requirement (MAR), in addition to the required academic grades, for getting B.Tech./ B.Tech. (Honours) degree. Like theory courses, students must get a minimum of pass marks in MAR to be eligible to get the final degree. Therefore, a minimum of 25 Activity Points under MAR needs to be earned by each student in every academic year. Students may achieve more than maximum admissible points and total MAR points would be reflected in the final certificate.

Guidelines of Massive Open Online Courses (MOOCs) scheme **(Applicable from the session 2022-23)**

As per the All India Council for Technical Education (AICTE), the Model Curriculum for the Bachelor of Technology program is with 160 credits in the entire program of 4 years, and additional 20 credits will be required to be achieved through Massive Open Online Courses (MOOCs) from the different platform for the degree of Bachelor of Technology with Honours. These additional 20 credits will have to be acquired with online courses (MOOCs) as per AICTE. Students of the B. Tech. program will have to complete additional 20 credits through MOOCs within 4 years of time. 16 credit points are applicable for 3-year UG programs. This creates an excellent opportunity for students to acquire the necessary additional skillset for employability through massive open online courses where the rare expertise of world-famous experts from academics and industry are available. MCKV Institute of Engineering, WB, has thus decided to introduce the AICTE model curriculum for its B.Tech. programs and allow students to choose courses from any established online platform as per the following guidelines from the even semester of academic year 2022-2023.

GUIDELINES FOR MOOCs

MOOCs are such online courses that are developed as per the pedagogy and following the four quadrants (e-Tutorial, e-Content, Web Resources and Self-Assessment) approach. MOOCs have been introduced in MCKVIE curriculum and academic activities in the following ways:

1. MOOCs for Honours Degree at Undergraduate Level.
2. MOOCs are also used for credit transfer as equivalent to theory courses of Curriculum under the recommendation of BoS and approval of Academic Council.
3. MOOCs for Mandatory Additional Requirements (MAR)

MOOCs For B. Tech Honours Degree

For B.Tech. Honours Degree, a 4-year B.Tech. student will have to earn 20 credits from MOOCs from any established MOOCs platform in addition to 160 credits for B.Tech. degree. B.Tech. lateral entry students should earn 16 credit points from MOOCs in addition to the required credit for B.Tech. degree.

Student should submit all the certificates before the last date of submission of MOOCs for the B.Tech. Honours degree, declare as per the Controller of the Examination.

All of the MOOCs courses are to be taken from any MOOCs platform as per the following scheme of credit points. However, during choosing courses in the online platform students would essentially avoid the courses taught/offered through the curriculum in the offline /classroom mode.

For NPTEL/Swayam platform: Credit points as specified in the platform

For other MOOCs platforms: edX and Udemy

Courses of 4 weeks: 1 credit point

Courses of 8 weeks: 2 credit point

Courses of 12 weeks: 3 credit point

Courses of 16 weeks: 4 credit point

MOOCs for Mandatory Additional Requirements (MAR)

MOOCs in MAR is provided for encouraging every student to enter in Digital Content form of Education from well-known Universities or organizations.

Students can choose any MOOCs course as per their interest area. There is no credit system for MOOCs in MAR as points could be earned as specified in the scheme and the MOOCs courses which are taken for earning credits for Honours degree will not be considered in MAR purpose.

For any discrepancy a committee comprises of Principal, Dean of Academics & Administration, Dean of Research & Consultancy, Dean of Student Affairs, Controller of Examination and MOOCs Coordinator of MCKVIE, will take the final decision.
